Dedication

We, the Senior Class of 1962, dedicate The Crest to Timothy Maina of Kenya, Africa. Timothy is Crestview's first foreign student. We hope that through him a better understanding can be reached between our nations.

ADMINISTRATION

As you read this Annual again and again over the years may it remind you of the many happy memories of your school days in the Fairfield-Waterford Schools.

May it also remind you of the privileges and blessings you enjoy in a country such as ours which provides free education to all its children. As a result of these reflections, may you do all in your power to perpetuate our way of life, and also support, wholeheartedly and in every way possible the school district in which you live.

Crestview Building

Your society today is more important, more complex, than it has ever been before in America's history. Knowledge, understanding, and values beyond the demands of yesterday are required of you as citizens of tomorrow.

In your discussion of contemporary affairs with your peers, you will need constantly to draw upon a background of facts and comprehension of the past as well as an understanding of the future through science. On making decisions you should heed an ancient poet, who asked, "Who is this that darkeneth council by words without knowledge." Misplaced or poorly conceived ideas may readily develop into the greatest menaces that a democratic society must face. If you are to cherish the freedom your forefathers planned you must share in the responsibility of safe-guarding these concepts.

I charge you with this challenge not to accept stagnation of ideas which bigotry and assumptions foster in people, but instead recognize the responsibility of being informed on contemporary problems and that the brotherhood of man will dominate in man's age-long struggle to attain the goal for which he was destined.

Ralph B. Meyers, Principal

Fairfield Building

To the Senior Class, select your life work carefully so that it is not just a job, an occupation or a struggle; but as a passion, something you'll love—make it a profession. You must build the foundation of the world to come. You can do this more completely by understanding the inner workings of every man's behavior as he relates to other human beings. Serve God first, fellowman second, and yourself third—remember, I'm third.

Urton Anderson, Principal

Waterford Building

I am personally grateful for this opportunity to thank you, the students of Crestview High School, for the fine spirit you have shown in the past year, to congratulate you on the achievements of the year, and to wish for all of you an increasing measure of happiness and success.

Alton P. Dobson, Principal

Reverend Mark George of the East Fairfield Methodist Church.

Joe Driscoll, Executive Head, Fairfield-Waterford School District.

Program of Dedication: Crestview High School

September 3, 1961

Today we present to you the new Crestview High School. We hope that all of you can be proud of this beautiful addition to the Fairfield-Waterford School District.

A school building is more than just walls, pipes and wires—it is spirit. It is students, teachers, parents and school board planning and working together. We hope and pray that this building will serve as an incentive for our pupils to achieve high academic standards and as a result of higher goals, they will not only prepare themselves for the future, but by act and deed they will perpetuate those ideals for which America stands.

It has been a privilege for me to have had a part in the planning and building of this beautiful school.

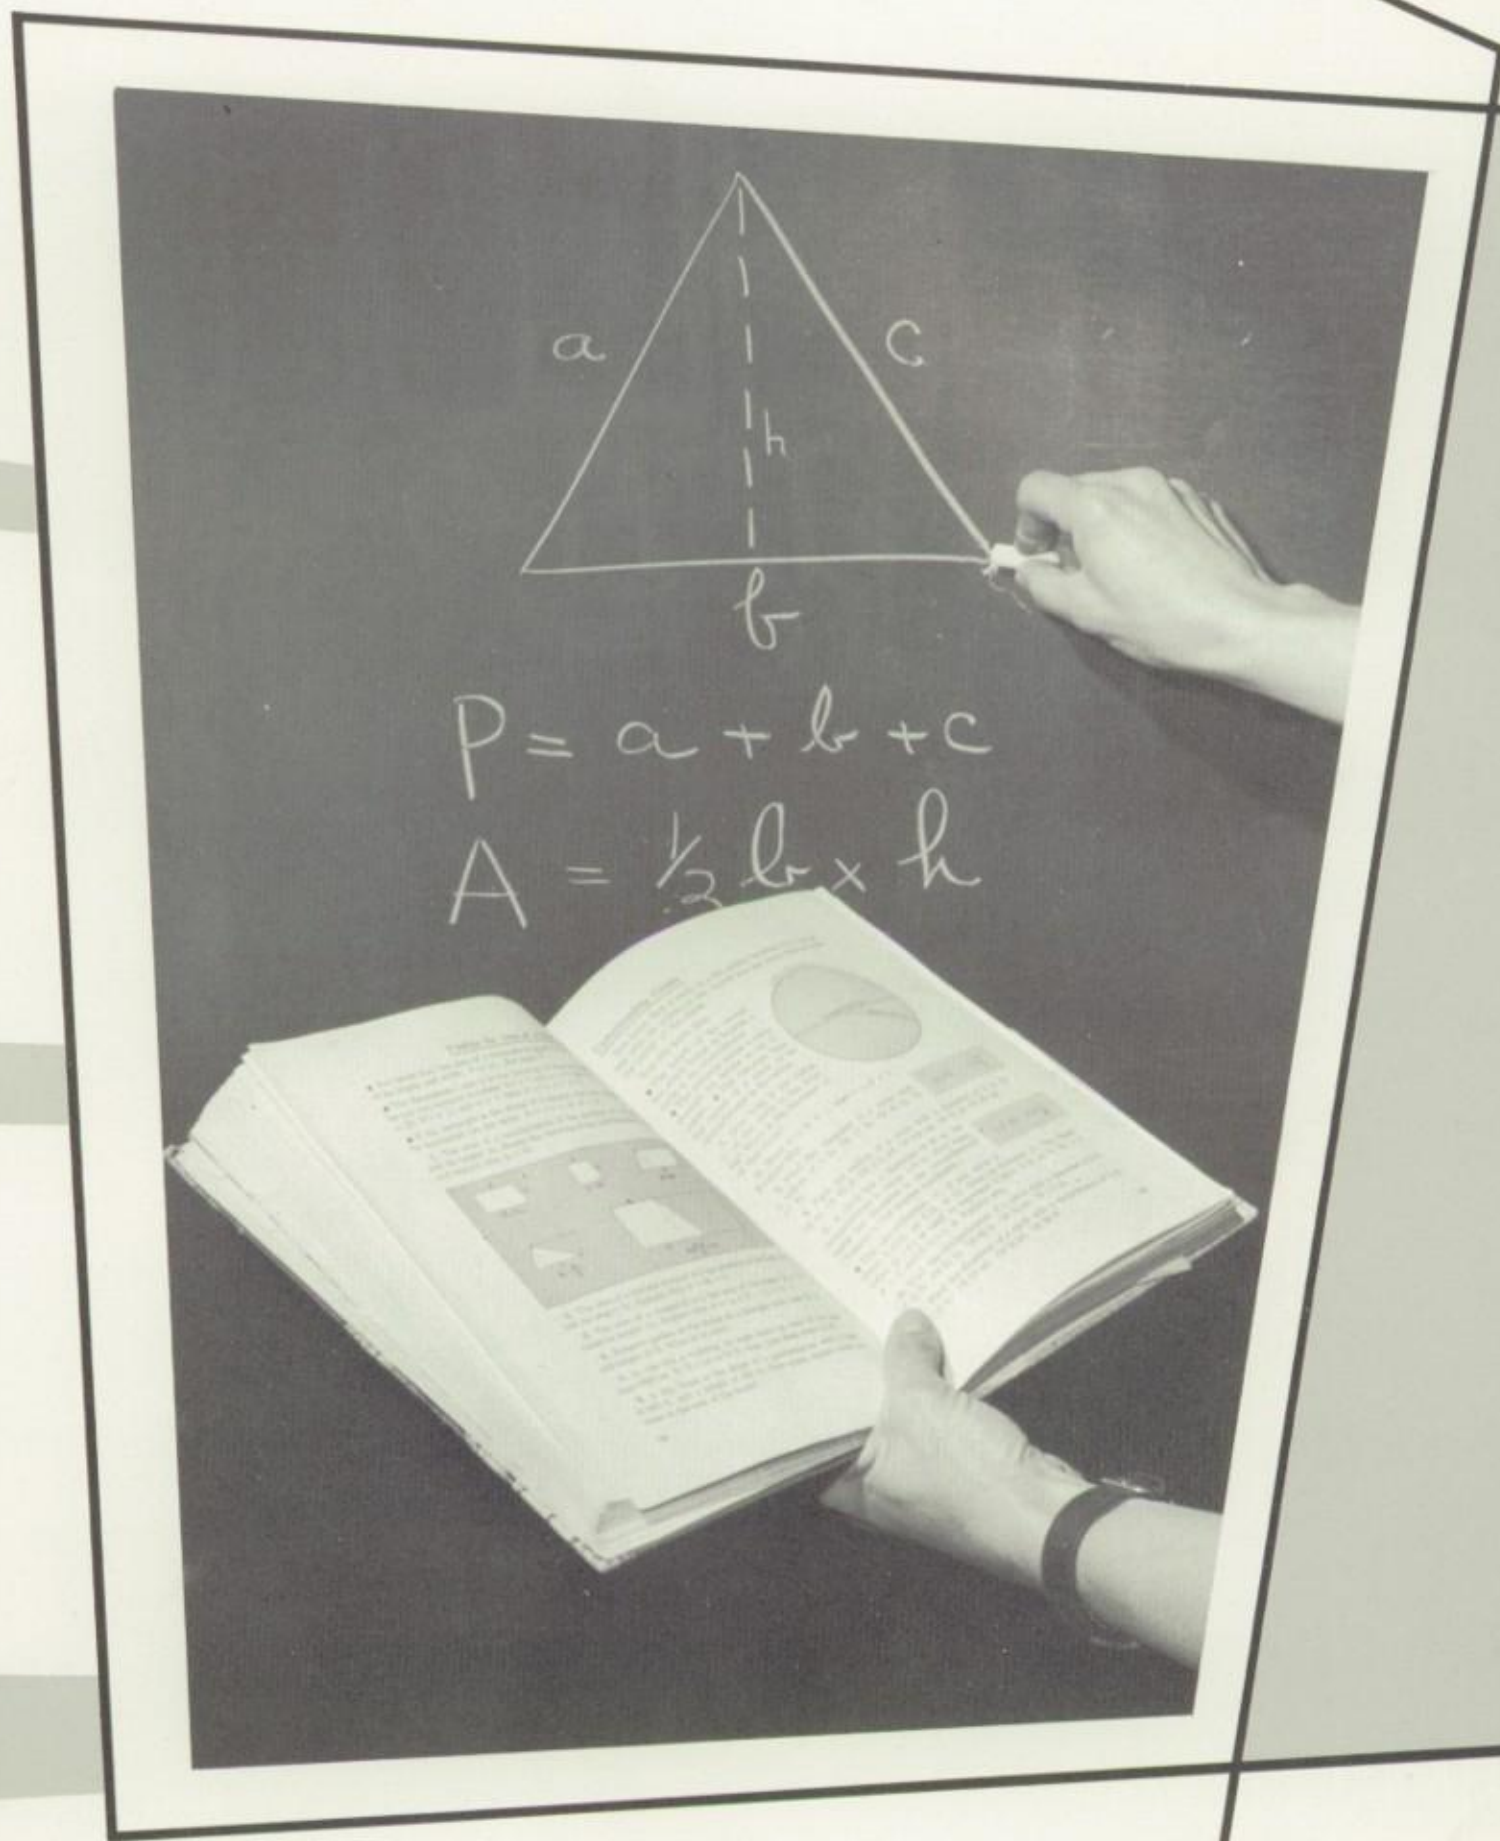

Joe W. Driscoll
Executive Head

Earl S. Kerr, Superintendent of Salem City Schools, Retired.

J. L. McBride, Superintendent of Schools, Columbiana.

In Memoriam

MISS FANNY DICKEY

At the last, tenderly,
From the walls of the powerful fortress'd house,
From the clasp of the knitted locks—from the keep of the well-
closed doors,
Let me be wafted.
Let me glide noiselessly forth;
With the key of softness unlock the locks—with a whisper
Set open the doors, O soul!
Tenderly—be not impatient,
(Strong is your hold, O mortal flesh!
Strong is your hold, O love.)

—Walt Whitman

Class Prophecy

It is a beautiful summer evening in the year of 1972 and the members of the 1962 graduating class of Crestview High School are gathering for their annual Rose Ball. The ball is being held at Crestview University in Crestview, the largest city in the United States.

This is Bill Hepburn, your NBC television commentator, reporting directly from the Rose Ball.

As you enter the spacious ballroom, beautifully designed by interior decorators Janet Rankin and Judy Zarnosky, you hear the music of the Jim Dyce Band, featuring Karen Jones as female vocalist and Mike Pahanish as male vocalist.

Tonight we are going to interview some of our guests. First, let us talk to Ellen Van Horn, actress and leading lady to Bruce Brothers in the new movie, "Drag Your Wagon," co-starring Sandra Granger and Gene Cusick. Ellen is wearing the new "Bird's Nest" coiffeur created by Alice Baker, famous hairdresser to the first lady.

Now to our next table where we find former Senior Class President Skip Campbell and Frieda Chellis, airline Stewardess with Pan-American Airlines. They have just flown in from Las Vegas where Skip owns and operates the famous Sand's Night Club.

Now I see by the clock on the wall that it is time for intermission. Standing over by the refreshment table, Ralph Detrow, Governor of Ohio and Richard Houpp, mayor of Crestview are talking with John Young, famous astronaut, about his latest trip to the moon. Standing next to Governor Detrow is his chauffeur, George Ruscoe, reminiscing with Bob Whitmore, the President's barber.

The band has taken its place in the bandstand and the crowning of the Rose King and Queen is about to begin. This year's queen is Beverly Keslar, who is now modeling in Paris, France. She is wearing a white ball

gown compliments of Beverly Conkle's Bridal & Formal Wear on 5th Avenue. Rose King is Kermit Chamberlin, well-known lawyer in Crestview, Louise Kauffman, dean of women at the University of Crestview, will crown the queen; and John Yacher, President of the University will crown the king.

Over in the far left corner of the ballroom are several graduates of the class of '62 Bob Baird and Tate Rupert, who are now playing football with the Cleveland Browns, are discussing sports with Wayne Blosser, who is now playing basketball with the Pittsburgh Wens, and his coach, Ray Brown, Richard Coppock, who owns a large construction company, is now joining them.

Bob Ray and his secretary, Dora Hawkins have just arrived from Texas where Bob owns a 5,000 acre ranch and several oil wells.

Stop the music! We have just received word that Jim Winters, Don Wisler, Joe Matevich, and Bruce Chamberlain have just captured the largest elephant in the world in the deep dark African jungles; and send their regrets that they will be unable to be with us tonight.

Over on the dance floor, Dixie Garrett and Lester Webber who own a dance studio are introducing the new dance, "The Squirm." Ladies and Gentlemen, I believe Lester has just dislocated his sacroiliac! The people in a state of confusion, seem to be calming down now that Dr. Earl Wolfgang and his nurse Linda Peppel have arrived on the scene.

Dr. Wolfgang has just sent word that Lester will be all right.

This concludes our direct report from the Rose Ball, and now back to our television announcer, Bob Martin.

The National Honor Society, a national high-school organization, gives recognition to outstanding students on the basis of Scholarship, Leadership, Character, and Service.

All schools selecting new Honor Society members consider Scholarship, or knowledge acquired by studying, of primary importance. Choices are made from a scholastic eligibility list.

After the scholastic averages of the students are obtained, schools choose, according to the provisions in their constitution, a selected number for consideration for membership in the Honor Society. The equal rating of the remaining three qualities—Leadership, or the ability to guide and lead; Character, or the qualities and traits which distinguish one person from another; and Service, or acts of helpful activity—determine the final membership.

This is the highest honor to be obtained in high school.

Congratulations, you're a graduate! And everybody likes a graduate . . . know why? Your vitality! There's such enthusiasm, such free thinking, such hopeful ambition. Please don't lose it . . . these qualities, plus a little realistic understanding that things won't always turn out your way, can make you someone very special—and someone this "weary old world" needs. Your vitality, your enthusiasm are infectious . . . and they pave the way for independent, intelligent thinking and decisions instead of just going along with the way things have always been done. Not that you can drive merrily through every roadblock—but don't stop completely . . . you can always drive around it. Add a little persistence to your enthusiasm and you can help us remove some of our roadblocks permanently. So keep that vitality, that independent spirit. We like it!
